## SUMMARY

Finance Engineer and Team Lead who automates bookkeeping, FP&A, and month-end close for multi-channel e-commerce businesses and SMEs, cutting manual workload by 30–40%. MBA-Finance with 10+ years combining hands-on accounting, financial analysis, and AI-assisted automation to deliver audit-ready financials, uncover profit leaks, and build client-facing dashboards. Manages a team serving international clients across US, UAE, and Canada.

## EXPERIENCE

### Finance Team Lead | *LeapAI Solution* | Jan 2026 – Present

Toronto, Ontario, Canada (Remote) | Lead finance operations for a software house serving international clients

- Lead a bookkeeping team serving a diverse portfolio of e-commerce and SME clients across the US, UAE, and Canada, ensuring compliance and delivering audit-ready financial statements.
- Architected automated data pipelines integrating Amazon Seller Central, Sellerboard, Stripe, and Shopify into QuickBooks Online, reducing manual data entry by 40% and eliminating reconciliation errors.
- Delivered full-cycle bookkeeping for multi-channel Amazon FBA client (360 LLC); produced YTD P&L, FBA inventory valuation (.8K), covenant compliance reports, and uncovered .9M in revenue underreporting at Kingdom LLC.
- Re-engineered 9-channel sales reconciliation for Dubai-based restaurant (Burns Road) spanning Talabat, Deliveroo, Keeta, Noon, Zomato, UTAP, and Magnati; built interactive dashboard and prepared UAE Corporate Tax financial statements for FY2025.
- Conducted full financial review for US courier business (Ghostro Delivery), converting Chase PDF bank statements and Venmo data to QBO; identified 25.9% revenue growth and .9K profit swing.
- Performed QuickBooks Desktop-to-Online migration variance analysis for Canadian construction firm (Sletten), identifying and documenting .1M+ in cross-system discrepancies.
- Developed and delivered training curriculum in QuickBooks Online, Odoo, and Advanced Excel, standardizing workflows and elevating team efficiency.

### Freelance QuickBooks Bookkeeper | *Fiverr, Direct Clients* | Mar 2017 – Dec 2025

- Designed customized Chart of Accounts and streamlined month-end processes, reducing client reporting cycles by up to 30% and generating 15%+ average cost savings through variance-driven insights.

### Income Tax Consultant & Bookkeeper | *Habibullah Khan & Co* | Nov 2018 – Jun 2020

- Filed individual and corporate tax returns ensuring full FBR compliance; managed full-cycle bookkeeping and financial reporting for a portfolio of clients.

### Accounts Officer | *Let's Apex Software House* | Jul 2020 – Dec 2020

- Managed company accounts using QuickBooks and Excel, ensuring accurate record-keeping and timely financial reporting.
